

WOULD KEEP PARTY 'LIBERAL'

MOTHER OF BARROWS IS CRITICALLY SHOT BY GANG MEMBER

FORMER MEMBER OF BARROW GANG ADMITS FIRED SHOTGUN BLAST

DALLAS, Sept. 5.—(P)—Mrs. Henry Barrow, mother of two slain desperadoes, was in a critical condition today—the victim of a shotgun wound fired by an erstwhile member of the Barrow gang of four years ago.

Hospital attendants said the condition of the 55-year-old woman was very unfavorable.

S. J. "Baldy" Whitley, described by Deputy Sheriff Bill Decker as a former member of the Barrow gang, admitted he fired the blast into the Barrow filling station.

Mrs. Barrow's nephew, Lewis Francis, 32, was wounded slightly. Whitley from his jail cell told a reporter the shooting followed in a fight in a beer stand in which Whitley suffered stab wounds and bruises about the face.

Whitley said L. C. Barrow, a brother of the late Clyde and Buck Barrow, was in the party which attacked him. L. C. Barrow recently was released from state prison after serving a robbery sentence.

Whitley said the party accused him of firing into the Barrow filling station about two years ago at which time Mrs. Barrow was cut by flying glass.

Deputy Sheriff Decker said the shooting occurred while L. C. Barrow was at the sheriff's office reporting the beer stand fight.

Whitley and a woman companion were arrested a short time later.

Leaders Were Slain.

Leaders of the old Barrow gang, Buck and Clyde, were slain by officers in 1933 and 1934, respectively. Buck in Dexter, Iowa, and Clyde, along with his woman companion, Bonnie Parker, in Louisiana.

Whitley and several others were convicted in 1933 for harboring Clyde and Bonnie.

L. C. Barrow, accompanied by his older brother, Jack Barrow, appeared at the sheriff's office shortly before noon today, but was permitted to remain at liberty after being questioned by Sheriff Smoot Schmid and Decker.

Large Number of Local Citizens Going Trinidad

Between 80 and 85 Corsicana business and professional representatives are expected to attend the first of the 1938 fall series of "Good Will" trips sponsored by the Rural Relations committee of the Corsicana Chamber of Commerce. Officials estimated Monday morning.

The first trip will be made to Trinidad where the meal and program will be presented at the clubhouse of the Texas Power and Light Company. The meal will be served by the ladies of the Methodist and Baptist churches.

Officials reported a few tickets were still available and might be secured by calling the chamber offices before 6 o'clock Monday evening.

Sydney Marks will preside as master of ceremonies, and the program will be supplied by Miss Linda Sims and the Chamber of Commerce male quartet.

LABOR LEADERS ACCLAIM PAST YEAR'S ACHIEVEMENTS AND CALL ON WORKERS TO FIGHT FURTHER

WASHINGTON, Sept. 5.—(P)—Labor leaders, acclaiming the achievement of the past year, called on the rank and file today to fight for further advancement of the working man's economic welfare in the next 12 months.

William Green, American Federation of Labor president, in a statement observing the 56th annual holiday, asked labor to sweep aside the "disruption" and swing its strength to the cause of unionism and "higher standards of living for all."

John L. Lewis, chairman, said the Committee for Industrial Organization would work "for a fairer share in the national income by both farmers and industrial workers."

Secretary Perkins at the same time recalled these gains for labor in the last five years: "Passage of the wage-hour, labor relations and social security acts; increases in weekly factory payroll; and in non-agricultural employment."

Green called for unity among labor, but his statement—as was Lewis—was punctuated with caustic phrases which gave little room for compromise.

Rich Stake Will Be Won in Short Time Air Races

CLEVELAND, Sept. 5.—(P)—In 75 minutes eight men will divide a pot of \$46,000 this afternoon—the world's richest purse in one of the world's most dangerous sports—air racing.

Eight men will split it if eight men finish a pounding punishing flight over a closed, 10-mile course at speeds approaching 300 miles an hour. Sometimes they don't.

One member of their fraternity, Russell Chambers of Los Angeles, died after six days of qualifying and competitive flights at the National Air races, aviation's annual big show.

Tony Le Vler, Los Angeles, won the Greve trophy yesterday.

The final race of the three-day meet, today's "thunder classic," is over a route of 300 miles, cut into segments of two and a half miles, the distance between the pylons marking the quadrangular course.

Church Leader Dies

CARDINAL HAYES DIED IN SLEEP IN NEW YORK SUNDAY

FIVE DAYS OF SOLEMN FUNERAL RITES DECREED FOR HIGH CHURCHMAN

NEW YORK, Sept. 5.—(P)—High church dignitaries today decreed five days of solemn funeral rites for the nation's Catholic millions to mourn the passing of Patrick Cardinal Hayes, archbishop of the world's richest Catholic diocese.

The 70-year-old "Cardinal of Charity," who rose from orphan boy to be the most militant and powerful spokesman of his faith in the United States, died quietly in his sleep early Sunday.

He succumbed to a heart attack at St. Joseph's camp for boys and girls, near Monticello, N. Y., where he had vacationed regularly for 40 years.

The body will lie in state at the cardinal's residence today. Tomorrow it will be removed to St. Patrick's cathedral, from which for 19 years the archbishop guided the spiritual life of 1,000,000 Catholics. It will lie in state there until Friday.

Burial will follow in a crypt beneath the altar of the great Gothic cathedral, where four other diocesan heads already rest.

His Eminence Patrick Cardinal Hayes rose from being an orphan boy to become an archbishop and prince of the Catholic church.

A handsome, white-haired man of modest girth, better than average height and unassuming dignity, he made a striking figure as, in his scarlet robes and beret, he reviewed Fifth Avenue's annual St. Patrick's Day parades from the steps of St. Patrick's cathedral. He was beloved by the large Catholic population of 1,300,000 and congregations of more than 6,000 would crowd the cathedral whenever it was known that he was to celebrate high mass.

Heads RICHES Diocese.

Since 1919 he headed the richest archdiocese in the world (in normal years New York contributes more to the Vatican than all Europe). His ecclesiastical domain included the southern corner of New York State (except Long Island and the Bahamas), British possessions, and included several institutions of higher education, 452 churches, 1,376 priests, a Catholic population of 1,300,000 and church properties worth hundreds of millions of dollars.

He was known for the great reserve of his occasional public reserve.

See CARDINAL HAYES, Page 3

Eleven Killed, Many Injured In Crash of Plane

LONDON, Sept. 5.—(P)—The crash and explosion of a crippled royal airforce plane in a crowded London suburban street killed at least 11 persons and injured nearly 30.

One of the dead was the wife of Benjamin Saunders, 43. When the plane exploded Sunday at the side of the Saunders home, the flames trapped him, his wife and their sons, Ray, 16, and Derek, 8. Mrs. Saunders and Derek were burned to death. The father and Roy died in a hospital during the night.

Next door the fire trapped and severely burned six members of the William Callaghan family. Two sons, Terrence, 2, and Dennis, 13, died. The condition of the others was critical.

Eight-year-old Jimmy Tant, playing in the street, was the first to die as the plane hit the roof of a house nearby, dropped and struck him, just as his mother rushed out yelling "Bombs! Bombs!"

Two brothers, Edward and James Letch, 28 and 24, John Eusteden, 35, and Pilot Sergeant S. R. Morris also were killed. The pilot was the plane's only occupant.

Seeking Killer Of Little Girl New Hampshire

PORTSMOUTH, N. H., Sept. 5.—(P)—A blood-covered stone as big as a man's two fists, and a few strands of hair were the only clues unearthed today by police investigating the brutal slaying of 8-year-old Barbara Driscoll, whose body earlier was found stuffed under a building in Portsmouth's railroad yards.

An ex-convict held for questioning, steadily denied any connection with the crime but admitted, Rockingham County Attorney Stephen Wheeler said, that he had been in the railroad yards during the night.

Wheeler said he was convinced the child was attacked "with intent to commit criminal assault."

He said also that a few hairs found in the death-clenched hand of the little girl would be compared with those of the man in custody.

NURNBERG SESSION OF NAZI PARTY IS HOLDING INTEREST

WORLD CAPITALS AWAIT HITLER'S PRONOUNCEMENTS AT ANNUAL CONCLAVE

By The Associated Press

The arrival of Reichsfuehrer Hitler at Nurnberg (at 11 a. m.) set the stage today for what may be momentous events in a world already witnessing two wars—in Spain and China—and in dread of a major European conflict.

World capitals anxiously awaited Hitler's Nurnberg pronouncements, asking whether he would intensify Europe's dead, say some word to alleviate the tension or permit it to continue by failing to disclose what he intends to do in support of the Sudeten Germans' demands for autonomy in Czechoslovakia.

Hitler went to Nurnberg, scene of the 10th annual rally of the Nazi party, with the absorption of Austria behind him and the critical issue of Czechoslovakia still ahead.

Starting in earnest tomorrow, after opening gala festivities to day, the Nurnberg congress—the first of greater Germany and the largest in nazidom's history—will hear Hitler's keynote proclamation. It usually proclaims achievements of the past and points toward Nazi aims for the future.

Besides making the proclamation, which will be read for him, the chancellor will speak at least six times before the congress ends next Monday.

The Sudeten German-Czechoslovak negotiations entered their "crucial stage" in Praha at the first meeting between President Eduard Benes and Sudeten German representatives since Hitler and Konrad Henlein, the minority leader, reached their still-secret complete accord.

The Sudeten German friendships on both sides of the fence—a program was announced by Premier Bela Imred at the Nazi intervention in the Czechoslovak minorities dispute, compulsory military training, rearmament, agrarian reform and both anti-semitic and anti-Nazi restrictions.

Imred said Hungary would insist on fairer treatment of Hungarian minorities in the entire country, particularly in Czechoslovakia.

Officers Seeking Suspect Result Of 'HAMMER SLAYING'

NEGRO FOUND IN UNCONSCIOUS CONDITION SUNDAY AFTERNOON

Efforts to apprehend a suspect in the "hammer slaying" of an unidentified negro near Rice Sunday were under way by Deputy Sheriff Alton B. Bradley Monday.

A negro, weighing about 130 pounds, light complexioned, was found in an unconscious condition on the M. S. Miles farm Sunday afternoon about 6 o'clock. He was brought to a local hospital where he died about 9 o'clock in a coma. He was wearing a blue shirt and dark trousers. A blood-stained "hammer" was found in his pocket. The victim's head was beaten to a pulp, officers reported.

Negroes advised officers that the victim was a "crisp" man, Sunday morning with \$18. He wore a money belt. The money belt was missing when he was found Sunday and only \$1.40 was found in a purse in his pocket. Officers said the motive for the fatal attack.

Officers said the slain negro and another were seen sitting at the house where the attack occurred about 4 o'clock Sunday afternoon.

The body is at a local colored undertaking establishment pending identification and funeral arrangements.

NEGOTIATIONS ON CZECH MINORITY PROBLEM CRUCIAL

PRAHA, Sept. 5.—(P)—Negotiations on the minority problem entered the "crucial" stage today in the first meeting between President Eduard Benes and Sudeten German representatives since Adolf Hitler made known his attitude.

Just what the German fuerher told Sudeten Leader Konrad Henlein in their talks Thursday and Friday remained an official secret, but there was more hope of progress because the Berchtesgaden talks gave a definite basis for bargaining.

Hitler wishes to avoid war, but he wants Sudeten Germans to "have rights to which they are entitled," George Wollner, a Sudeten party deputy, said yesterday in a speech in which he indicated the Sudetens would not modify their demands for territorial autonomy.

Wollner spoke at a harvest festival in the presence of Henlein and the impression prevailed that the Sudeten "fuehrer" had authorized his remarks.

"In our fight there can be no compromise," Wollner said. "The autonomy demands as laid down by Konrad Henlein in his Karlsbad (Karlov Vary) address are only the beginning of our republic."

CERTAIN RESERVES OF FRANCE CALLED TO COLORS TODAY

PRECAUTIONARY MEASURE TAKEN AFTER GERMANY MOVES MEN TO BORDER

PARIS, Sept. 5.—(P)—An official of the war ministry announced today that France had called "certain reserves" to the colors as a "precautionary measure."

The call went out last night, the official said, in dread of a major European conflict.

He emphasized that there was no immediate cause for alarm on the part of the French army.

A source at the air ministry said all leaves in the air force had been cancelled but up to the present no air force reserves had been called.

A navy ministry official said "the French navy always is ready to take to the seas" but no special orders have as yet been issued.

HITLER TO OPEN ANNUAL RALLY OF NAZI PARTY TODAY

NURNBERG MEETING CONSIDERED MOST IMPORTANT OF ALL PREDECESSORS

NURNBERG, Germany, Sept. 5.—(P)—Chancellor Adolf Hitler came to Nurnberg today to open the tenth rally in his Nazi party's history and, in the light of world events, perhaps one of the most important.

Today was filled with gala festivities—the ringing of church bells for the chancellor's arrival, the civic reception, his reception for party leaders, and a performance on Wagner's opera Die Meistersinger.

Tomorrow will begin more serious business, with the annual reading of Hitler's keynote proclamation, which assumes special importance because of the possibility it may outline Germany's course of action on the Sudeten German minority's dispute with its Czechoslovak government.

The proclamation usually outlines aims of the future as well as achievements on the previous year, and so also presumably will deal with the joining of Austria to Germany.

Adolf Wagner, governor of Bavaria, is to read it.

Nearly 50 special trains yesterday and today brought Nazi party men and women, Hitler youths and girls from all parts of the Reich to pay homage to their leader.

Two Million Expected

Nurnberg's normal population of 500,000 was doubled overnight, and 2,000,000 persons were expected to attend during the eight days of celebration, speech and policy-making.

No unauthorized aircraft will be permitted to fly over Nurnberg during the convention, and it was announced anti-aircraft guns would be fired at any plane that did so inadvertently if it ignored a preliminary red rocket warning to land.

An official spokesman said that troop movements along the French-German frontier were "normal ones."

The program for the rally: today, gala opening; Tuesday and Wednesday, the keynote proclamation and Wednesday, the annual report.

BANKS, CITY HALL AND COURT HOUSE CLOSED MONDAY

MOST BUSINESSES, HOWEVER, CONTINUED AS USUAL ON LABOR DAY

City county and postal offices observed Monday, Labor Day. Much business was conducted as usual. The banks observed the full day as did the city hall and courthouse. The postoffice observed a holiday schedule with the windows opened until 1 p. m. with one city delivery of mail and no rural mail deliveries.

The Retail Merchants' Association did not observe the holiday and most of the stores were open for business as usual.

City school authorities were busy today with the scheduled opening of the 1938-1939 session Tuesday morning. A meeting of the faculty was held Monday morning.

Many Corsicans, however, plan to observe a portion of the day, and numerous trips were reported.

The library was open.

FLOOD VIRTUALLY DESTROYS COLORADO TOWN

Almost every building in the town of Morrison, Colo., 110 population, 15 miles southwest of Denver, was damaged by flood waters that smashed down Bear Creek and Mount Vernon canons. Four persons drowned near there. Here is the main street of the town, showing some of the damage.

INVITE COMMUNITIES SEND SPONSORS FOR LOCAL FAIR OPENING

APPOINTMENTS SHOULD BE SENT DIRECT TO W. E. MCKINNEY, CHAIRMAN

Communities or other political subdivisions of Corsica and East Texas have been invited to send sponsors to the first exhibition of the Corsicana Livestock and Agricultural Exposition to be held Oct. 5-8, according to W. E. McKinney, rodeo chairman. Several acceptances have been received and others have been tentatively designated.

According to the show regulations, chambers of commerce, mayors, postmasters, or county judges may designate the sponsor of the units, and all appointments should be mailed direct to Mr. McKinney at Corsicana. All entries must be made by Oct. 1 and any girl or woman over 18 years of age is eligible for the appointment.

All sponsors must be on hand in Corsicana by 9 a. m. Oct. 5 and in complete readiness for the grand opening parade at 10 a. m. Room reservations will be supplied those requesting such, and several entertainment features are being arranged. All of the sponsors are urged to wear costumes, western preferred, while attending the show, and all will be required to ride in all parades and grand entries.

A \$50 grand prize has been offered for special ability in riding, with rider's ability counting 30 points, performance of horse 15 points, and time 5 points.

The fair management will provide stables, food, and forage for all mounts on the fair grounds, although entrants are not required to keep their mounts on the ground. If kept outside the ground, entrants will pay their own expenses. Each entrant must supply her own horse and trapping.

Further details concerning the sponsors may be secured from Mr. McKinney.

P. & S. Hospital Plans Additional Improvements

Plans for the securing of an X-ray to be added to the equipment of the P. and S. Hospital were discussed at the regular meeting of the Navarro County Hospital Board Sunday afternoon. A new spotlight for use in the operating room was installed during the past month.

SUPPORTERS CIO AID IN DIVISION LABOR MOVEMENT

THIS WAS DECLARATION OF WILLIAM GREEN, PRESIDENT LABOR FEDERATION

PROVIDENCE, R. I., Sept. 5.—(P)—Supporters of the Committee for Industrial Organization, President William Green of the American Federation of Labor said today, are giving aid and assistance to divisions in the ranks of labor.

In an address prepared for delivery this afternoon before a Labor Day gathering, Green charged the CIO was a secession movement founded on discord and dualism and asserted a successful labor movement functioned best only if national in character, unified and solidified.

The unemployment problem, Green said, could only be solved through creation of work in private industry.

"Government spending" he said, "affords but temporary relief, and he advocated 'renewed faith, a new vision, a spirit of adventure and the destruction of fear' to master the nation's economic ills."

Green urged union of industry management and labor in a "common effort to promote business activities and stabilize labor relations."

"If said if employers had recognized the right of workers to organize, free of intimidation, 20 years ago, the national labor relations act would have been unnecessary."

And of the act he said: "We shall go to congress seeking such changes as may seem necessary to prevent further manipulation of the act."

"We are convinced," he said, "that dominating influences in the national labor relations board have applied the law contrary to both its spirit and letter."

"Our disappointment over the administration of the act is keen. We can not and will not acquiesce in the procedure followed by members of the board."

Defends Czechoslovakia.

BLACKPOOL, England, Sept. 5.—(P)—Britain's labor leaders were told today by H. H. Elvin, See LABOR, Page 7

DEMONSTRATION OF GAS MODEL AIRPLANES DREW LARGE CROWD; SAN ANTONIO WON FIRST PLACE

SAN ANTONIO, Sept. 5.—(P)—Herbert Fish of San Antonio won first prize—a free trip by air to New York plus \$10 in cash—at the state meet of the Southwestern Gas Model Airplane Association, held at Kelly Field Sunday under sponsorship of the San Antonio Gas Model Club.

Between 7,000 and 10,000 spectators visited the meet during the day to watch the 70 contestants perform. In winning first prize, which was for endurance flights, Fish averaged four minutes and 47.6 seconds in three flights.

Six other prizes were given for the endurance events. Second prize of \$25 plus one hour flight time was won by Bob Rutledge of Houston; third prize, L. E. Sloan, Fort Worth; fourth prize, Rupert Jones, Dallas; fifth prize, Orin Anderson, San Antonio; sixth prize, Marvin Gochel, Waco, and seventh prize, R. T. Rickard, San Antonio.

The consolation flights event was captured by Carl Helton of Dallas. This event called for three flights by each of the contestants, with the winner being determined by the consistency of the three flights. Helton had a

Texas Enforcement Program Praised In Halting Accidents

AUSTIN, Sept. 5.—(Sp.)—Texas is the only state that is establishing a low traffic death record through an enforcement program, according to R. G. Paustian, University of Texas professor and official who is conducting research into traffic setups for the federal bureau of good roads and the national safety council. Mr. Paustian was in Austin conferring with state police officials.

He told safety officials here that he was favorably impressed with this state's low accident record, efficient handling of traffic flows and other favorable results obtained through "its unique enforcement program."

"Texas is the only state in which I have found an enforcement program indexed in relation to traffic movements and accidents used as a basis for placing pa-

PRESIDENT PLEDGES PERSONAL AID FOR DEMOCRATIC PARTY

DELIVERS SPEECH IN MARYLAND IN PRAISE OF NEW DEAL CANDIDATE

DENTON, Md., Sept. 5.—(P)—President Roosevelt pledged his personal effort "to try to keep" the Democratic party "liberal" in an address today praising the legislative record of the new deal's senatorial candidate in Maryland, Representative David J. Lewis.

ST. PAUL POLICE CAPTURE ESCAPED KIDNAPER COUCH

ST. PAUL, Sept. 5.—(P)—John Couch, kidnaper who escaped from the Ramsey county jail Sunday, was captured today in St. Paul by two city police patrolmen. Facing a possible death sentence under the Lindbergh kidnap act, the fugitive was apprehended without a struggle by Patrolmen Alfred Wickerson and L. M. Byrne. Driving past an intersection, the policemen recognized the license plates of the car as those of an automobile reported stolen.

They saw a man hunched down in the drivers seat. Before the man could attempt resistance, the

ADDITIONAL SOIL CONSERVATION AREA OFFICES BE OPENED

SIX OFFICES WILL FACILITATE WORK IN CCC DEMONSTRATION AREAS

FORT WORTH, Sept. 5.—(P)—Paul Walser, state co-ordinator, announces establishment of six area offices of the soil conservation service in the region four sector of Texas to simplify and centralize operations in the nine projects and 24 civilian conservation corps demonstration areas of the service. Region four includes Arkansas, Louisiana and Texas, excepting the high plains. Walser said the areas, with headquarters, would be: Rolling Plains, Vernon; cross timbers—grand prairie, Dublin; black lands, Temple; coastal plains, Tyler; Rio Grande plains, San Antonio; Edwards plateau and trans-Pecos, San Angelo.

The present project offices at Temple, Lindale, Lockhart, Garland, San Angelo, Nacogdoches, Dublin, Mount Pleasant and Vernon will be retained under the new organizational setup, Walser said.

The co-ordinator also announces that operation of projects and camps would be supervised by the areas named in the following order: Rolling plains—The Vernon project; Edwards plateau and trans-Pecos—The San Angelo project and the sub-project area at Marfa.

Rio Grande plains—The Lockhart soil conservation service project and camp doing soil conservation work at Schulenburg, Kenedy and Floresville.

Cross timbers—grand prairie—The Dublin project and CCC camps at Brownwood, Denton, Gatesville and Dublin. Blacklands—The Temple and Garland projects and camps at Temple, Bartlett, Mesquite, Pflugerville, Corsicana, Waxahatchie, Taylor, Waco, Cooper, Coolidge, Hillsboro, Wolf City, Kaufman and Sherman.

Coastal plains—Soil conservation projects at Lufkin, Nacogdoches, and Mount Pleasant, and CCC camps at Mount Pleasant, Marshall, Lindale, Nacogdoches, Jacksonville, Bogota, Madisonville and Winnboro.

Technicians in charge of area operations and known as area conservationists, will be rolling plains, E. H. Varnell, former project manager at Garland; cross-timbers—grand prairie, C. Johnson, former project manager at Mount Pleasant; blacklands, V. W. Woodman, former Temple project manager; coastal plains, C. B. Spencer, former project manager at Lindale; Rio Grande plains, W. H. Dupuy, former project manager at Lockhart, and Edwards plateau

STATE HIGHWAY PATROLMEN WHO OPERATE SAFETY LANES ARE ENVY OF OTHER MEMBERS

By HOWARD C. MARSHALL
AUSTIN, Sept. 5.—(P)—Members of the state highway patrol operating safety lanes are the envy of other patrolmen. The reason is the safety-laners have new, summer-weight uniforms; the regulars, despite the heat of a Texas summer, are clad in heavy wool.

The men who conduct the safety lanes were given the new uniforms because they must work through the day on blistering hot pavements. Officials of the public safety department said it was imperative they have relief.

The new outfits are the same color as the old, tan and blue, and the men wear the same caps. Slacks have been substituted for short trousers and puttees, however, and later hats may replace the caps.

It may be that the uniform shakeup will extend to other divisions of the patrol by next summer. Homer Garrison, assistant director of the safety department, said the matter of uniforms was under review.

The story of 10 candidates for county commissioner who formed a soft ball team during the last primary campaign is being told by Dr. W. C. Gastner, head of the eleemosynary division of the state board of control.

Dr. Gastner says he has it all straight, that the candidates were running in Cass county, whence he himself hails. All through the campaign the candidates played ping-pong, schools, meetings of various sorts, giving the people a balanced mixture of politics and soft ball. In addition, they played a variety of instruments and formed an orchestra. Eight of the candidates were eliminated in the first primary, but that didn't stop the politics, soft ball or music. Some of the eight were for one candidate in the runoff primary and some for the other. They're stuck together until the end of the campaign.

This correspondent has an idea there are many persons over

trans-Pecos, R. M. Mithollin, former San Angelo project manager, George M. Morris, former project manager at Nacogdoches, will be sub-area conservationists for the Edwards plateau area with headquarters at the sub-area office at Marfa.

Under the area system, supervisory personnel centered in an area office will be able to cover more territory as operations activities of the service expand, Walser said. It also will be possible to take on added field work without materially increasing personnel since the centrally located area technicians will be able to direct activities in all parts of their respective areas.

Texas who would like to see the words of "them hillbillies are politicians now" in print. They're the words of Leon Huff, the big blond who blasted them out over the radio and from the top of W. Lee O'Daniel's campaign bus, for the last four months.

"Them hillbillies are politicians now," Huff sang, "Bein' hangin' 'round the mountain all these years, Singin' songs about the town work engineers. They've been paving all the cities With their pretty paved dills. And they've got the population all in tears."

Chorus: They've come to town with their guitars, And now they're smoking big cigars. Them hillbillies are politicians. They've chucked their boots and overalls, They've even dropped their 'how you alls'.

They're hillbillies are politicians now; They left down home for a microphone, They make their dough on the radio. They play guitars in cocktail bars, And ride around in motor cars. Them hillbillies are politicians now."

Huff said O'Daniel composed the words but the tune was that of the song, "Them Hillbillies Are Mountain Williams Now."

The attorney general's department is preparing its last exhibit to be introduced in the legal contest over the will of Colonel E. H. R. Green.

It is a biography of Colonel Green, prepared for the purpose of showing that the multimillionaire at the time of his death was a legal resident of this state and that, therefore, Texas is entitled to collect inheritance taxes on his estate.

The biography will be submitted to John Flannery, special master of the U. S. supreme court, who has been hearing the dispute among Texas, Massachusetts, New York and Florida, over who has the right to the tax cut of the money Green left. September 1 is the deadline for submissions of all evidence.

Sometime this fall the special master will give his opinion as to Green's residence, and subsequently the supreme court will hear final arguments. Llewellyn Duke, assistant attorney general who has been in charge of Texas' part of the litigation, said final adjudication of the case probably would come this winter.

Texas claims \$4,685,067 in taxes. Duke said virtually all of the estate is stocks and bonds, most of which reposes in a New York bank. A sister of Green has been held to be his principal heir.

When he died Green had property in Texas valued at over \$2,200, Duke said. This consisted in vacant lots along the Texas Midland railway.

PUBLIC AUCTION OF SURPLUS LIVESTOCK STARTS SOMETHING

CALDWELL MORRIS ALSO PUT TOWN DOUGLASSVILLE ON THE MAP

DOUGLASSVILLE, Cass County, Sept. 5.—(P)—When Caldwell Morris decided, Jan. 28, 1938, to get rid of surplus livestock, and agricultural tools by public auction, he started something. He also put Douglassville on the map.

City buyers now come to Douglassville's main drag, otherwise known as Highway 48 and 77, and one remarked recently: "Looks like we've got a little Fort Worth here."

The music of this story is that while mighty trucks from little acorns were growing a big livestock market also was emerging from a one-man auction sale.

Caldwell "Bo-Bo" Morris, junior partner of A. D. Morris and Co., general merchants, held his first auction in a small barn, a few neighbors and friends came, but \$700 worth of livestock was sold and the young merchant considered the affair so successful he decided to repeat the auction each Thursday.

Well sir, it simply wouldn't die. It grew visibly each week until on March 3, 1938, 1,500 persons attended the opening of a new barn, and 300 persons, Morris, office manager and the other half of the junior firm, reported 122,000 worth of livestock went under hammer.

To celebrate the opening Morris firm gave a "small, informal barbecue dinner," comprising three hogs, 870 pounds of beef, 500 pounds of bread, 50 gallons of coffee and cake. No biscuits were passed to the robust guests.

New Barn Larger. The new barn, otherwise the "chicken coop," was 80x50 feet. The new barn has a floor space 100x200 feet, and the roof covers the office, the auction ring, a grand stand seating 500 persons, and stands for stock. Morris has 18 regular employees, including a barn manager, clerk of sales, three bookkeepers, office manager, auctioneer, ringman, barn hands and truck drivers.

Colonel Bill Collier, famous auctioneer of Broken Bow, Okla., has chanted the bids since the initial auction expanded into a sales mart.

"What kind of stock you want sold, Mister?" This is not a challenge, atmosphere of this clearing house the seller can sell and buy anything from the scrubbiest little doggie to the most blue-blooded, registered piece of stock.

Although some of the stock sold is raised in Cass county, Morris said most of it came from the Panhandle and the Rio Grande valley. Many buyers, he said, came from other states, some owning or representing packing houses. They buy, he explained, for all sorts of purposes—some to sell, some to stock for grass or to re-sell, and others, especially stock raisers, for breeding.

Morris, a friendly chap, always is ready to help his neighbors dispose of anything of value. "I'll auction anything," he said, "from a needle to an automobile for a friend."

Open Air Revival Gains In Interest

The open air revival on Twenty-Fifth street, conducted by John Bunyan Ingle, is gaining in interest. Chaplain Ingle's subject last night was "The Wonderful Things of Solomon." The subject tonight will be, "Repentance." Wednesday evening, "Which Will You Have, Heeds or Tears?" This will be designated Sons of the Legion night, and the Sons of the Legion are expected to be there.

Yurown Gas Plants

The latest and most economical way to heat your home, cooking, hot water and refrigeration. Heart Attack Was Fatal to Fairfield Man; Burial Tuesday

FAIRFIELD, Sept. 5.—(Spl.)—Ernest H. Beauchamp, aged 66, died suddenly of a heart attack at his home in Fairfield at 5:30 Monday afternoon. He had been indisposed for several days, but able to be up, and was sitting in a chair when stricken suddenly.

Burial was in the Fairfield cemetery Tuesday afternoon under direction of Burleson Funeral Home, the Rev. H. L. McKisick conducting religious services.

Mr. Beauchamp was known in every section of the county. For years he was a farmer, delinquent tax collector, and during his later years was a merchant in Fairfield. He was born in Freestone county and spent all of his life in the county.

The only near surviving relatives are his wife, and daughter, Mrs. D. L. Dupuy.

Thanks

May I take this method of thanking my many friends who supported me so faithfully during the recent primaries. Your kindness will ever be a cherished memory. LONNIE L. POWELL

ATTENDANCE RECORD BROKEN NORTHSIDE BAPTIST SUNDAY

Large crowds were in attendance upon all services at Northside Baptist church Sunday, and an all time high mark for attendance was set in the Sunday school and B. T. U.

Rev. S. R. Goff, pastor, spoke at the morning hour on the subject, "Forward," text Ex. 14:15. He stated that it was God's will that His children always go forward and never backward. In applying this command to the church he said, God wanted us to, "Go forward in Sunday school, Go forward in B. T. U., Go forward in church attendance, Go forward in church finance, and Go forward in soul-winning."

Using as his subject, "Seven Wonders," Rev. Mr. Goff delivered a very interesting message to a capacity crowd at the evening hour the largest crowd ever to attend a service in the history of

CORSICANA MASON TO CONDUCT SPECIAL SCHOOL IN ATHENS

ATHENS, Sept. 5.—(Spl.)—T. January Taylor of Corsicana has been secured as the instructor for the special Masonic school which will be opened here Tuesday morning at 9 o'clock.

Mr. Taylor has recently held schools of instruction at Dawson Frost, Hubbard, Ennis and other Central Texas points. Final arrangements for the local school were made by Joe P. Owen, worshipful master of the Athens lodge.

BRITISH LABOR AND INDUSTRY DISPLAY COOPERATIVE SPIRIT

SPECIAL COMMISSION FOR STUDY OF MATTER RE-PORTS TO PRESIDENT

WASHINGTON, Sept. 2.—(AP)—President Roosevelt said today he hoped the United States could work toward that state of mind which permits settlement of labor disputes in England with a minimum of strikes and bloodshed.

He made the assertion at his press conference in reply to a question as to how a report of a special commission on English employer-employee relations might be applied to proposed legislation in this country.

Mr. Roosevelt said that in working out a law nothing could be accomplished by calling names and emphasizing violence of disputes. He added that he hoped employer-employee cooperation in this country over a period of years would give Americans the same attitude toward labor problems as prevails in England.

The special commission told the president that British industry and labor maintain industrial peace through mutual confidence and co-operation.

Robert J. Watt, American Federation of Labor representative on the commission, said in a statement today that the report "could not be translated into the practices relating to collective bargaining in Britain into our country overnight, because it is difficult to hitch a pair of horses to pull a truck."

In Horse and Buggy Days. Asserting that this country was in "the horse and buggy stage as far as labor relations are concerned," Watt gave as a cause "the shortsighted bigotry of many reactionary employers."

The commission, which made a first hand survey of labor relations in England, offered no recommendations.

It said, however, that where collective bargaining agreements mutually satisfactory to national unions and employers had been in effect for a long period, strikes had been few and strike violence rare.

Mr. Roosevelt, making the report public just before Labor Day, commented:

"To me, the most salient feature of it is the co-operative spirit, coupled with restraint, which is shown by those who represent both employers and employees in Great Britain."

"Collective bargaining is an accepted fact and because of this the machinery which carries it out is functioning."

"Experiences of other countries, very naturally, have been different from our own but they should be considered as states as we analyze our own problems. A second report x x x will give us a parallel study of industrial relations in Sweden."

There has been no indication that these studies might form a basis for possible revision of the Wagner labor relations act at the next session of congress.

Mr. Roosevelt said recently he and President William Green of the American Federation of Labor were agreed some clarifying changes should be made. But John L. Lewis, C.I.O. chairman has expressed opposition to any revision.

No. C. I. O. Representative. When Mr. Roosevelt appointed the eight-member labor commission last spring, Lewis declined to serve. Robert Watts represented the A. F. of L.

Other commission members were General Swope, Charles Hook and Henry Harriman, representing business; Lloyd K. Garrison and Miss Marion Dickerson, on behalf of education; William E. Chalmers, assistant labor commissioner; William H. Davis, former deputy NRA administrator, and Mrs. Anna M. Rosenberg, a regional director for the Social Security board, representing government.

Summarizing its conferences with workers, employers and government leaders in Great Britain, the commission said:

"Repeatedly employers and representatives of employers' organizations stated to us that they preferred strong unions to weak ones because the strong union is better able to secure the fulfillment of agreements and is better able to bring competitors up to the wage and hour standards of the industry, as set by the agreements."

Prefer Strong Organizations. "Repeatedly labor representatives stated to us that they preferred strong employer organizations to weak ones, because the stronger the organization, the fewer the units which remain outside to undermine industry standards, x x x"

The acceptance and general practice of collective bargaining of an industry basis places upon the employers and workers' organizations, because of the sheer numbers of men and the magnitude of the interests, a peculiarly heavy responsibility calculated by its very nature to call forth patience, understanding, and a desire to make and keep agreements and achieve industrial peace."

The commission reported among other things, that:

Organization Rules. The British Trade Union Congress, composed of craft, industrial and general unions, consistently has held that no union has an exclusive right to organize any other class of worker.

Improved industrial relations in Great Britain have reduced hours and raised wages.

Except among seamen and firemen in the shipping industry, closed shop agreements are rare and the check-off system is "very exceptional."

The British government learned from the 1926 general strike that drastic economic changes in policy should not be undertaken without consulting both labor and employer organizations.

Although no laws compel union recognition and the government hesitates to interfere in industrial bargaining, it does set up trade boards to establish wage levels in unorganized industries. Other agreements rest on good faith rather than legal enforceability.

Comment by Green. ATLANTIC CITY, N. J., Sept. 2.—(AP)—William Green, president of the American Federation of Labor, said today the report of the President's commission on

THOUSANDS OF ACRES COTTON BEING PLOWED UNDER IN ORDER QUALIFY FOR FEDERAL BENEFITS

By W. B. RAGSDALE

ATLANTA, Ga., Sept. 2.—(AP)—Hundreds of acres of cotton, much of it white with open bolls, ready for picking, are being plowed under by southern farmers eager to qualify for farm bill benefits and to escape its penalties.

Any accurate estimate of the number of acres being destroyed probably would run high into the thousands. It might be obtained only by a costly and time-consuming survey of the area. But even then, the percentage of error would be high. One county in middle Georgia has almost 2,000 acres subject to penalties if the cotton on them is not plowed under.

These penalties on co-operating farmers would run to seven cents a pound on the cotton produced on the excess acreage. With cotton expected to sell for not much more than eight cents they figure that it would be cheaper to plow it up than to pick it.

"It is much like 1934," one county agent said.

Half a dozen county agents in scattered sections agreed that in

about 99 per cent of the cases the necessity for the plow up activities arose out of the installation of a new method of measuring the farmers' land. They planted by acreage survey and are harvesting by another.

The plowing under is more noticeable in Georgia than in the Carolinas, and for some farmers, this is the second time they have plowed up cotton this year in their efforts to comply with the law.

In many sections cotton had been planted before the acreage allotment was made. The weather would not wait on statute.

The farmers consulted with county agents and tried to make allowances in advance for the reduction they expected under the new law.

Now the allotments were announced, the lands were surveyed, and many of those who already had planted found that they had excess acreage. They went out and plowed it up to bring their crop inside their quota. In some cases, the cotton already had been chopped.

BACKERS AND OPPONENTS "\$30 EVERY THURSDAY" PENSION IDEA DRAW ELECTION BATTLE LINES

SAN FRANCISCO, Sept. 2.—(AP)—

Proponents and opponents of the "\$30 every Thursday" initiative measure to pension California's older jobless with script, drew battle lines today for a general election campaign.

"Even before the deciding votes were counted in some races of Tuesday's hectic primary election, it became evident the pension proposal would be a prime talking point in campaigning for the November vote, when the unique plan will be on the ballot."

With more than 700 precincts still untabulated in the complicated election, nominations for Republican senator and Progressive governor remained inconclusive. Other races of national interest and most of those of state-wide importance, had been settled.

If the pension plan, which would affect all jobless 50 years or more old, receives a simple majority, the state must start paying an estimated \$11,000,000 persons \$30 weekly in the script.

Originators of the proposal would finance it by a weekly stamp tax of 2 per cent on the face value of the scrip, which

would be legal tender for state taxes and for payment of merchandise from merchants who would accept the coupons.

Willis Allen, campaign director for the measure, announced plans in Los Angeles to put a manager in every one of the state's 58 counties for co-ordinating of activities.

"Now we have 5,000 precinct and assembly district workers," he said. "We are going to have 15,000."

The San Francisco Chamber of Commerce prepared to distribute thousands of copies of arguments against the measure.

"The plan would create a financial crisis from which the state could not recover for several years—if ever," the pamphlets said.

City Manager James S. Dean of Sacramento, the capital city, said that because of the pension proposal he had been informed Sacramento would have to pay a higher rate on a \$500,000 municipal bond issue.

"Bond houses are fearful of the risk to be taken in purchasing public bonds voted in California," he said.

ODD FELLOWS HAVE VETERAN CLUB BACK FOR GRID SEASON

With nine lettermen and one reserve returning from the 1937 season, the O. F. F. Homecoming football team of this gridiron club is expecting a highly successful season in this district of the University of Texas Interscholastic B league this fall.

The boys are in good physical condition at the present time. Coach Bill Maxwell has arranged eight games for this season and desires games for two of the three open dates on the schedule.

The Schedule. Sept. 16—Odd Fellows at Waxahatchie, night.

Sept. 20—Odd Fellows at Lewisville, night.

Sept. 30—Odd Fellows at Itasca, night.

Other commission members were General Swope, Charles Hook and Henry Harriman, representing business; Lloyd K. Garrison and Miss Marion Dickerson, on behalf of education; William E. Chalmers, assistant labor commissioner; William H. Davis, former deputy NRA administrator, and Mrs. Anna M. Rosenberg, a regional director for the Social Security board, representing government.

Summarizing its conferences with workers, employers and government leaders in Great Britain, the commission said:

"Repeatedly employers and representatives of employers' organizations stated to us that they preferred strong unions to weak ones because the strong union is better able to secure the fulfillment of agreements and is better able to bring competitors up to the wage and hour standards of the industry, as set by the agreements."

Prefer Strong Organizations. "Repeatedly labor representatives stated to us that they preferred strong employer organizations to weak ones, because the stronger the organization, the fewer the units which remain outside to undermine industry standards, x x x"

The acceptance and general practice of collective bargaining of an industry basis places upon the employers and workers' organizations, because of the sheer numbers of men and the magnitude of the interests, a peculiarly heavy responsibility calculated by its very nature to call forth patience, understanding, and a desire to make and keep agreements and achieve industrial peace."

The commission reported among other things, that:

Organization Rules. The British Trade Union Congress, composed of craft, industrial and general unions, consistently has held that no union has an exclusive right to organize any other class of worker.

Improved industrial relations in Great Britain have reduced hours and raised wages.

Now the allotments were announced, the lands were surveyed, and many of those who already had planted found that they had excess acreage. They went out and plowed it up to bring their crop inside their quota. In some cases, the cotton already had been chopped.

YMCA PLANS RAISE SUFFICIENT FUNDS MODERNIZE PLANT

INTENSIVE CAMPAIGN WILL BE LAUNCHED AT EARLY DATE CORSICANA

The Y. M. C. A. board of directors, at a breakfast meeting this morning, ratified the proposed \$88,035.30 campaign to modernize the building, which will include \$35,000 in new projects to make facilities available for the use of girls and women as well as men.

Several other routine matters pertaining to the campaign were discussed and settled.

The campaign calendar was adopted, which indicated the actual campaign will start with a kickoff dinner Monday, Sept. 26, and continue through Tuesday, Oct. 4, at which time the victory dinner will be held. Preliminary work in setting up the organization is already under way, and leaders for the various functions of the drive are being considered.

Jester Presided. Deafoff H. Jester, president of the board, presided, and Harry D. Cross, who has been active in Y. M. C. A. work for many years, was introduced and explained several phases of the campaign.

Excerpts from a letter from one of the architects of the new plant, were read, and discussed. It was pointed out in the letter that the \$88,035 is not being spent just in remodeling the present structure but also involves the erection of an addition which will contain 121,000 cubic feet.

ACTION DEFERRED ON EXTERIOR REPAIRING OF COURT HOUSE

DELEGATION SEEKS ESTABLISHMENT OF COUNTY HEALTH UNIT

Bids were opened for the repairing of the exterior of the courthouse at the meeting of the commissioners court Thursday afternoon but action was deferred.

A delegation appeared before the court relative to the proposed securing of a health unit for the county; relief agencies requested additional money for the new year and other matters were discussed.

The delegation appearing in the interest of the health unit for the county was composed of Dr. J. Wilson David, W. H. Norwood, superintendent of the city school; R. W. Knight, manager of the Corsicana Chamber of Commerce; Mrs. H. G. Brown, Mrs. J. H. Roberts and Mrs. Kirk Steele.

Dr. David said the unit would consist of a full time M. D. and Dr. of public health; a sanitary engineer, two or more nurses and a secretary. The proposal would be submitted into one organization the various agencies of the cities and county. The state and federal government will match dollar for dollar with the county.

It was pointed out that the city and county health officers, the city sanitary engineering duties, etc., would be combined into the one unit. The unit would consist of quarantine of communicable diseases, health education, examination of the school children of rural and city schools, testing of water supplies of the county, inspecting food stores and food handling, fountains, dairies, etc. The nurses would assist the physicians, make inspections, show persons how to prepare food for sick people, conduct prenatal clinics, etc.

It was brought out that 26 or 28 counties in Texas now have these units and many others have county nurses.

It was estimated that the unit would cost \$10,000 per year. If the cities, schools, and towns would enter into the county-wide project, putting in the amount now expended for the various health agencies, it would not cost the county more than \$1,500 or \$1,800 per year additional, it was stated.

The court discussed the repairing of radiator valves at the courthouse and jail.

Farmers Eligible. Mrs. McCarty advised the court that farmers making more than \$300 profit in 1937 are eligible under a new set-up for work during the "lay-off months."

The national government spent in Navarro county during July \$27,071.54. Mr. McCarty stated.

R. B. Jordan, deputy sheriff, appeared before the court with reference to a recent action taken.

In addition to referring farm hands to seasonal jobs, something is being done about the unemployed who say that they would gladly work if they could find jobs. The employment service found jobs in private industry for 356 unemployed, qualified people in Corsicana last month.

Two hundred and fourteen of the people placed were claimants who had previously filed claims for unemployment compensation. During the last thirty days there were 130 initial claims and 125 continuing claims filed for job insurance at the Corsicana office.

County Occupation Tax Set and Budget Hearing Ordered. Setting of the occupation taxes for 1938, deciding to hold a budget hearing on Sept. 26, and a report on delinquent taxes featured the meeting of the commissioners court Friday afternoon. A considerable portion of the afternoon was spent on tax questions.

The occupation tax was set at one-half that of the state. The delinquent tax roll as presented by the county assessor and collector of taxes, was approved.

The court issued an order advising for bids for a county deputy to decide state winners in poultry and dairy demonstrations were in progress here today.

Winners in the dairy judging will represent Texas in the National Dairy Contest at Columbus, Ohio, in October, while other winners, some of them named yesterday, will go to the National Livestock Exposition at Chicago this fall.

Participants were winners in contests held during a junior farmers' short course here in July. Winners named yesterday included:

Livestock Judging—First, Mendon county; second, Reagan county.

Dairy Cattle Judging—First, Ellis county; second, Eastland county.

Field Crops—First, Lamar county; second, Fort Bend county.

Meat Identification—First, Lubbock county; second, Fort Bend county.

Health-Wrecking Functional PAINS

Severe functional pains of menstruation, cramping spells and jagged nerves soon rob a woman of her natural, youthful freshness. PAIN lines in woman's face too often grow into AGE lines!

Thousands of women have found it helpful to take Cardul. They say it seemed to ease their pains, and they noticed an increase in their appetites and finally a strengthened resistance to the discomfort of monthly periods.

Try Cardul. Of course if it doesn't help you, try your doctor.

Notice

By authority of the Commissioners Court of Navarro County, Texas, notice is hereby given that said Court will convene as a Board of Equalization on September 21st, 1938 at 10 o'clock a. m. and be in session on September 21st, 22nd and 23rd.

L. J. POWELL, County Clerk, Navarro County, Texas.

Undergoes Final Operation

KERENS, Sept. 30.—(AP)—Weldon Eaton, 2-year-old son of Mrs. W. E. Eaton, underwent the last of a series of operations recently at the Scottish Rite hospital in Dallas, returned home this week after about three weeks in the hospital. The child was removed from both his feet and Weldon expects to walk for the first time.

The child was removed from both his feet and Weldon expects to walk for the first time.

New Kerens Club Met Thursday With Mrs. W. L. Hardin

KERENS, Sept. 3.—(AP)—Kerens' newest club, made up of younger married women, and known as the Krowdion Club, was entertained in the home of Mrs. W. L. Hardin Thursday afternoon. In addition to the regular program, this meeting was in the nature of a miscellaneous shower in honor of Mrs. Woodrow Massey, a recent bride.

Games were played, the gifts passed for all to see, and an ice cream social was enjoyed by the members and guests. Misses Lloyd Rhea, J. H. Kiser, Aubrey Hughes, Tom B. Washburn, E. W. Sullivan, Art Crowley and several other members were welcomed at this time. Misses Woodrow Massey, Buddy Saunders, Buddy Sessions, Jerrell Simmons and C. H. Massey.

Misses C. H. Massey and Aubrey Hughes will be hostesses on Sept. 8 in the home of the former in West Kerens.

KERENS, Sept. 3.—(AP)—At the home of their sponsor, Mrs. Wade Price, the Y. W. A. girls of the First Baptist church enjoyed a party Tuesday night. Tables had been set for a "Chinese checkers" were played until late hour. Delicious sandwiches, potato chips, cookies and punch were served by the business committee to thirteen members.

KERENS, Sept. 3.—(AP)—At the request of farmers in the Waco district 10,000 cotton pickers were sent to them by the Texas State Employment Service during August, is the latest report from the farm division of the employment service. One thousand and eight of those placements were made in and around Corsicana showing an increase over August of last year. Sam W. Lynn, local manager says, which is due partly to a better organized farm department and to the assistance of extra men sent here by the state administrator's office to help in securing enough pickers to harvest the crop quickly and with minimum amount of effort on the part of the farmers.

The employment office located at 113 West Fourth avenue, telephone 442, is offering jobs to all local pickers. Crews of cotton pickers are assembled and routed in an orderly fashion to farmers who have left orders for them and any size crews are available. Wynn states.

In addition to referring farm hands to seasonal jobs, something is being done about the unemployed who say that they would gladly work if they could find jobs. The employment service found jobs in private industry for 356 unemployed, qualified people in Corsicana last month.

Two hundred and fourteen of the people placed were claimants who had previously filed claims for unemployment compensation. During the last thirty days there were 130 initial claims and 125 continuing claims filed for job insurance at the Corsicana office.

County Occupation Tax Set and Budget Hearing Ordered. Setting of the occupation taxes for 1938, deciding to hold a budget hearing on Sept. 26, and a report on delinquent taxes featured the meeting of the commissioners court Friday afternoon. A considerable portion of the afternoon was spent on tax questions.

The occupation tax was set at one-half that of the state. The delinquent tax roll as presented by the county assessor and collector of taxes, was approved.

The court issued an order advising for bids for a county deputy to decide state winners in poultry and dairy demonstrations were in progress here today.

Winners in the dairy judging will represent Texas in the National Dairy Contest at Columbus, Ohio, in October, while other winners, some of them named yesterday, will go to the National Livestock Exposition at Chicago this fall.

Participants were winners in contests held during a

CORSICANA, TEX., SEPT. 6, 1938

MEXICO AND CANADA.

Mexico's rather sudden increase in tourist business in the last few years seemed for a time to go to her head. Getting all the traffic would bear seemed to Mexicans the desirable aim in dealing with Americans. Not only did the tourist pay plenty for his goods and souvenirs, but lately he has had to pay an export tax of 12 per cent on everything he took out of the country. As Americans returning from foreign borders are allowed \$100 worth of imports duty free, this meant a neat little amount in export duties for Mexico. Mexicans visiting the United States were not allowed any exemption from duty for purchases made while on their travels. So the government was getting it both ways.

But it didn't work. Americans accustomed to crossing the Canadian borders with no export duty charged by Canada, and no exorbitant prices charged for the goods commonly bought there, didn't like the Mexican treatment. They are telling the world in no uncertain terms what they think. Far-sighted Mexicans are fearing that tourist trade will be driven away.

So an order has been issued to exempt Americans from paying the 12 per cent on the purchases which they take with them. But the tax is still being levied on all goods shipped separately.

Dealers who were buying Mexican silver novelties and curios of all sorts say the extra 12 per cent will greatly decrease the business in such goods.

Mexico would be better off in the long run if she were to take a leaf from the book of her northern neighbor. Canada makes every effort to get the tourist into and out of her country smoothly and to give him a good time while there. The result is that her tourist business is enormous and growing every year.

OPEN ROADS ON SUNDAY

Restriction of truck operation on highways is due to increase, if we may judge from a recent national poll. Nearly three-fourths of the people questioned in all sections of the country, favor keeping the trucks off the main highways on Sundays and holidays.

This is done already in several states. Wisconsin and Minnesota bar them from certain highways from 1 p. m. to 11 p. m. on Saturdays and 9 a. m. till 12 p. m. on Sundays. Similar action is being urged in several other states.

The main consideration is safety. The death rate of Sunday drivers would be lower, people say, with the big commercial cars off the roads when there are so many people out driving for pleasure. The occasional friend of the trucks who protests that "business can't stop just for week-end pleasure motorists" seems likely to be overruled.

It is an interesting modern reversal of the old "blue laws." Business is likely to be barred now not for righteousness but for pleasure.

Premier Aberhart of Alberta wants the Canadian government to establish prosperity by "distributing money free to all Canadians." That would be nice—but what would the government use for money?

JUST FOLKS

(Copyright, 1937, Edgar A. Guest)

JUST A MAN

This is how we felt about him;
If he said it, he believed it.
He gave no one cause to doubt
His word.
Paid the bill as he received.
Gave and never mentioned giving;
Helped and never talked of aiding.
Held all joy a part of living.
Just as much as sin-eating.
Had a certain sense of beauty
And the niceness of creation;
Held the man who did his duty
Earned and merited salvation.
Without any fuss or bother,
He assumed his share of labor;
Loved as a devoted father;
Workman true and cheerful neighbor.

AUGUST ANIMALS.

The silly season hasn't seemed quite so silly this year. There weren't any sea serpents worth mentioning or any tree sitters. The nearest approach was the array of ledge-standers, whose situation came nearer being tragic than silly. It began to look as if August might slide off the scene without any really noticeable silliness dating to 1938.

(Could it be that the whole economic and social situation has now become so unutterably silly that small bits of news have no chance to show up against it?)

But the country is saved. The world is normal. The editorial writer can fill his column. Behold!

First there's that bear in the Canadian village of Rockcliffe, Ontario, who tried chewing tobacco and then swore off, all in a very few minutes. It was a pet bear, but on a dark night it jumped from a tree behind a man and his wife and chased them. The only weapon was a tobacco pouch which the man shoved into the bear's mouth. He chewed it while they got a running start, then threw it away and took up the pursuit once more. They arrived home safe. But the authorities have put a ban on keeping pet bears.

Then there was a skunk-less skunk, or a deskunked skunk—you get the idea—in an Ohio town. A barking spider is reported in this state.

And here's a woman in Sutton, Nebraska, who reached to the bottom of her washing machine to make sure she had all the clothes out—and pulled out a large bull snake.

No one could possibly doubt any of these details. August is still August.

COLLECTIVIZED BUSINESS

A shrewd though not entirely original conclusion is arrived at by the National Industrial Conference Board in a recent inquiry. This research organization is supported mainly by business men. While recognizing the advantages and economics of large-scale investment and production, it now favors government regulation "where monopolistic and price-fixing agreements exist" and recognizes that "in many activities business has grown unwieldy and unecological." It proceeds then with this unusual statement:

"Most business men are apparently alive to the danger of government collectivism or socialism, if business units in all fields tend to reach the size of public rather than private enterprise. It is generally recognized that as the size of business units increases the trend is toward business collectivism, and the next step is government collectivism or control of all business activity."

Many observers have been pointing out this tendency for a quarter of a century, and Karl Marx pointed it out long before. When business organization gets too big and strong, government is likely to take over, and the transition is easy. Have we really arrived at a time when big business men, recognizing the situation, will welcome a moderate amount of trust-busting as a means of preserving private enterprise?

A third presidential term seems a sort of fifth wagon wheel.

AN OLD WHETSTONE

PEACE PACT FAILURE

The tenth anniversary of the Kellogg pact, intended to eliminate "war as an instrument of national policy," came and went with a gentle, world-wide chorus of sighs and regrets. War was outlawed, but nations still make war. War is being used as "an instrument of national policy" in eastern Asia and as an instrument of internal party policy in Spain. And preparations in progress may precipitate more wars at any time.

Lip-service is paid to that pretentious pact, but the method makes it mockery. Nations that pledged themselves to peace merely adopt the legalistic device of not making the old-fashioned formal declaration of war. Thus it is assumed that there is no war in China and Spain. That is worse than before, because the aggressor acts without warning.

Due notice of war, as a tenet of international law, was based on medieval knighthood. The honorable knight always served notice on his opponent, gave him a chance to assume a defensive position and let the neighbors know what to expect. This new mode shoots a neighbor in the back and laughs at the world's opinion.

DRESSES OF GOLD

Before the British Association for the Advancement of Science has just been demonstrated a dress made of cloth of gold. Real gold. A silken fabric is used as the base, covered with an organic compound containing gold. The compound is chemically decomposed, leaving the gold on the fabric. The estimated cost is about three dollars a yard, no more than women used to pay for good silk. Pure silk, of course, is now very rare.

There used to be a story of a newspaper woman sent abroad on a special assignment, who remarked to a friend as she boarded her steamer that in her trunk was a gown of silver tissue, in which to interview queens. Time goes on, and queens are more accessible and less formal than they used to be. The newswomen, who now ride all the roads of all the world, clad in their smartly tailored togs, are more apt to get what they can of royal points of view in the boudoir, on the golf course or at afternoon tea than in the formal audience of a generation ago.

The clothes of women go on attracting the best attention of artists and men of science. But they become more democratic. The beautiful brunette who will next

ELEGANT COAL.

We have heard, in the last year or two, about coal for polite use in dainty fireplaces, coming with each lump neatly wrapped up, presumably in cellophane. An old-timer would hardly expect a real fire from such confections, but it's what we're coming to. And it might really be a good thing for the ailing coal industry. People would become so "clean-coal-conscious" as to get it into their minds that all coal is clean.

The idea is helped along by another improvement, not so dainty but effective in a bigger way. The American Petroleum Institute tells proudly of the oil treatment by which anthracite coal, in modern mines, gets a delicate oil spraying before it goes to the consumer. Thus there is no dust.

They will probably be doing that for soft coal, too, where the need is greater. And maybe they will give it an attractive color.

MURDER MYSTERY

Here's a case for the mystery-hounds to work on. W. C. O'Connor, 61-year-old carpenter of Carey, N. C., unemployed, was found dead in a woodshed with a chisel driven three and a half inches into the top of his head. Near by was a small hatchet. There was no apparent motive for murder and no trace of murder. The sheriff and coroner say it looks as if he did it himself, but don't see how he could, and yet don't see how anyone else could have done it.

American art, says an expert, is becoming democratic. Maybe so, but most of the art collectors seem to be republican.

winter delight all eyes as she enters the opera in her golden gown, may have it, and others as lovely, for far less than the cost of one evening gown of her mother's day. And almost any young woman of moderate means may now rival in splendor the vesture of the Queen of Sheba.

Large Barn And Contents Burned

A large barn, and considerable feed and farm equipment was destroyed by fire on the Robert Cooksey farm on the Chatfield road about 2 o'clock Thursday afternoon. A truck sent from the Corsicana Fire department prevented spread of flames to the farm house. No estimate of the damage was available Friday.

Trash Fire. A trash fire in the rear of the D. N. Farmer warehouse on South Ninth street caused a run for the fire department about 7:45 Saturday morning. Minor damage resulted.

Courthouse News

Commissioners Court.

Delinquent tax rolls, supplemental assessments roll and delinquent tax collection records of T. Farmer, assessor and collector of taxes, were approved at the recessed meeting of the commissioners court Friday morning. The annual personal delinquent taxes for the year ending June 30, 1938, amounted to \$6,680.53. The delinquent real estate taxes amounted to \$35,993.83. The supplemental assessor's roll for properties left off the regular roll amounted to \$1,581.13. Delinquent taxes collected for the year amounted to \$48,934.03. H. C. Robinson, county agent, answered before the court and asked for a \$50 per month raise in the salary paid him by the county. He discussed various types of work done in his department with the commissioners along with the governmental control program. A hearing was held with reference to taxes on certain city property.

Justice Court. One was fined for speeding by Judge W. T. McFadden. Two were fined for speeding by Judge A. E. Foster.

Warranty Deeds. W. T. Bright, et al, to W. H. Hayes, et al, trustees of the Eleventh Avenue Methodist church of Corsicana, lot 3, block 3, Story and Bright Addition, No. 2, Corsicana, \$5 and other considerations. Mrs. T. K. McClellan to M. C. Caston 75.272 acres of the Francis Preville survey, \$3,000. George L. Jackson, et ux, to D. N. Farmer, 80 acres of the W. J. McNeal survey, \$2,500. D. N. Farmer to Bertha A. Farmer, 80 acres of the W. J. McNeal survey, \$5 and other considerations.

Marriage License. Raymond Lamp and Katie Faye Garner.

Kerens College Set Honorees of Spend The Night Affair

KERENS, Sept. 2.—(Sp.)—As has been the custom for a number of years, the Senior Intermediate B. T. U. of the First Baptist church, entertained Tuesday for the boys and girls who soon will be leaving for their respective colleges. This year the entertainment was a spend-the-night party at Stockton's Lake. This private recreation center, with its honey cottage, flower and shrub filled yard, large lake, where both fishing and boating may be enjoyed, was the perfect spot for such an outing. Planned by their sponsor, Mrs. Josephine Means, and chaperoned also by Misses Katherine Ivey, Virginia Crowley and Ford Ivey, Jr., a delectable picnic supper was eaten on the screened porch, and numerous entertainment features were provided. When the last of these had been given a try-out, cot, wagon sheets and various other model beds were placed in the large fenced in yard, and the proverbial "boys' night" was taken. Wednesday morning after the serving of breakfast, the happy party returned to town, loud in their thanks to Mr. W. T. Stockton for extending the hospitality of his lodge.

Work Started On Highway from Kerens To State Highway 22

KERENS, Sept. 3.—(P.)—Actual construction on the temporary bridges for the detours necessary on the Kerens to Highway No. 22 road project was started this week by E. W. Hable of Corsicana, contractor. About 20 men are employed at the present time on this project, which will cost approximately \$60,000 and includes grading and building drainage structures on the 12 mile section of highway.

SOIL AND WATER CONSERVATION IS NEEDED IN TEXAS

CONSERVATION PROGRAM IN STATE NEEDED IS UNIVERSAL ADMISSION

AUSTIN, Sept. 2.—(P.)—Soil and water conservation are likely to play large roles in the next general session of the Texas Legislature, starting in January. The need for a soil conservation program in the state is almost universally admitted among agricultural authorities but so far the only actual work in that direction is being done by the federal government and Texas A. and M. Colleges extension department.

A shortage of underground water, grown acute in some areas, has been noted with alarm and the Texas planning board recently sponsored a state-wide meeting to see what could be done about it.

At the last long session of the legislature several soil conservation plans were submitted and considered. Committees worked them over, altered them and finally incorporated them into a proposal which shuttled back and forth between the house and senate several times.

But the finally-approved bill lacked a number of votes of passing and Texas remained without a state set-up to provide a means for conserving the soil from water and wind erosion.

Experimental work in the southern great plains, which occupy part of the Texas panhandle, has been carried on by the federal soil conservation service, which claims to be getting excellent results.

Federal officials say wind erosion, resulting in dust storms, has been curbed and progress has been made toward reducing water erosion.

Lack of sub-surface water for domestic and industrial consumption in the western states has caused that city to employ engineers to work out a solution to the problem.

Reports from El Paso indicate that city's water supply is threatened by decreasing underground water supplies and other points in West Texas have reason for similar complaints.

A bill proposing steps toward regulation of use of sub-surface water, was submitted to the last legislative session but was not considered.

PRESIDENT HAS NO OBJECTION ELECTION LIBERAL REPUBLICAN

ROOSEVELT FEELS CALIFORNIA PENSION PLANS ARE FINANCIALLY UNSOUND

WASHINGTON, Sept. 2.—(P.)—President Roosevelt told reporters today he would have no objection to a liberal running on the Republican ticket.

He said the American people were beginning to think more in terms of principles than personalities. Asked whether he knew of any Republican who were running for office, the president told his press conference there were several.

He authorized this direct quotation: "There is a good liberal running on the Republican ticket. I would not have the slightest objection to his election. The good of the country rises above party."

It is an entirely unjustified assumption which is being made by Detroit papers that a failure to go to dedicate the international bridge at Port Huron, Mich., is in any way connected with the Michigan campaign.

"It is a deliberate distortion of the fact and the Detroit papers might as well get that."

The President was said by aides to feel that both Sheridan Downey, that notorious nominee for the senate in California, and Culbert L. Olson, the party's standard bearer in the gubernatorial race, are liberals in their general points of view.

Financially Unsound. But he also was said to feel strongly that the "\$30 every Thursday" plan for old age pensions, which was an issue in the democratic primary in California and will be an issue in the election is unsound financially.

Nevertheless, associates reported him as regarding that plan as a state matter. If a plan of its sort were adopted by the voters and legislators of a state, the President was said to believe that a state would have the right to try it out, provided it did not violate the federal constitution in respect to the issuance of currency.

Mr. Roosevelt was said to agree with Lord Bryce of England, who told him years ago that one advantage of the American system of government over European governments is that when some one comes along with a new plan which a people regard as crackpot, one or two states have the right to try it out, and if it works, it can be applied nationally.

The President was asked whether he felt the word "purge" as applied to his advocacy of the nomination of new dealers who are opposing conservatives was a misnomer. The President said he regarded it as a headline word and an extremely immature word either for newspaper headlines or leads.

Curd of Thanks. We wish to take this method of expressing our heartfelt thanks to each and everyone for their kindness and consideration during the illness and death of our son and brother, Virgil Clemmie, Jr., and Mrs. J. A. Estes and family; Mr. and Mrs. Henry Shelton and family; Mr. and Mrs. O. A. Gaines and family; Mr. and Mrs. Reuben Tucker and family.

Ice Cream Supper. Thursday night, Sept. 8, at the Oak Valley church house, there will be an ice cream supper, for the benefit of the "Cure for the Cure" and Home Demonstration Club. Everybody invited.

Wortham Football Prospects Bright For 1938 Season

CONSERVATION PROGRAM IN STATE NEEDED IS UNIVERSAL ADMISSION

WORTHAM, Sept. 2.—With thirty prospects training and ten more expected when school opens Sept. 12, Coach C. C. Smith states a fine football club is expected to be entered this fall.

Wortham High is a member of Zone 1, District 32-B, University of Texas Interscholastic league, this fall.

The schedule: Sept. 23—Coolidge at Wortham, night. Sept. 30—Mildred at Wortham, night. Oct. 7—Buffalo at Wortham, night. Oct. 14—Thornton at Wortham, night. Oct. 21—Montabla at Wortham, night. Oct. 28—Open date. Nov. 4—Frankton at Wortham, night. Nov. 11—Wortham at Fairfield, conference. Nov. 18—Wortham at Elkhart, night. Nov. 25—Wortham at Elkhart, night.

Ladies Shop Now In New Location On North Beaton

The Ladies Shop, established in its new location at 208 North Beaton street, opened to the public today. The ladies ready-to-wear shop moved from its original location at 114 North Beaton street. The larger quarters have been completely reconditioned; a tan linoleum has been put down, matching the other fixtures; the walls have been repainted and the woodwork repainted and redecorated. Above the wall cases decorative panel insets have been put in, and new electric fixtures have been installed. The two show windows have been redecorated and provide considerably more display space than the former windows.

A comfortable reception room has been arranged in the main sales room and behind it are two attractive fitting rooms, an alteration department and stockroom. The fitting rooms are decorated in rose and blue.

A new and larger assortment of fall fashion in women's and misses ready to wear, hosiery, lingerie, dress accessories and millinery.

When should my Business BORROW?"

Borrowing is usually a wise policy when it will lead to new or increased business profits. Here are a few conditions under which a loan may prove profitable to your business:

1. To finance seasonal needs;
2. To modernize, or add, equipment;
3. To carry accounts receivable;
4. To earn cash discounts.

These are only a few of the many sound reasons for a commercial loan. We will be glad to discuss your requirements and, where warranted, to advance the needed funds.

THE PRESIDENT'S ASSURANCE to Canada that "the people of the United States will not stand idly by if domination of Canadian soil is threatened by any other empire" directed attention to this great stretch of unfortified boundary and to the friendship which has existed between the two nations for more than a century. War department officials emphasize that above northerly army posts are unfortified. The two nations are also linked by bridges from: Rooseveltown, N. Y., to Cornwall; Collins Landing, N. Y., to Ivy Lea; Lewistown, N. Y., to St. Catharines; across Niagara Falls; Buffalo to Fort Erie; Detroit to Windsor.

Beauty Diary

of Edna Kent Forbes
YOUR CHIN LINE.

Miss Forbes advises you not to lose your youthful chin line. If you have, she gives you an exercise that has been used by women for years, restoring and keeping this line after it has been lost.

It matters not what your years are, you may be very young, but you will look just as old as your chin line indicates. The loss of the slender and firm line under the chin will put ten to 20 years on any young woman's appearance. The bad chin will make a woman look fat when she is only a few pounds overweight; it will spoil all delicacy of outline, and may even coarsen the appearance. Preserving the youthful chin line really becomes the most important consideration, looking one's best in an obligation we should realize, and the bad chin is ruinous to it.

If we exercised our facial and throat muscles as do all the muscles of our bodies, we would keep these just as firm. But we use only certain muscles in our facial expressions and the unused ones become flabby. No wonder some people develop set expressions. Massage has not been a complete substitute for exercise for it is often done haphazardly, and always taken irregularly. Exercise for these muscles is the perfect builder.

Try the following every day, even if you are still favored with that sweeping unbroken outline under your chin, and if you have lost it, you will regain it. Stand with hands clasped behind you, bend forward, and raise your head, shoulders and chest until you have straightened yourself again, using and tensing the muscles under the chin, and mostly to the front of the throat. Bend toward right, then toward the left, always focusing attention on the muscles given.

Mrs. G. F.—Clear up the trouble internally that causes the

eruptions, but never let the eruption come to anything on your skin if you are able to keep it down. Have a lotion ready that will dry up the pimple. You may make one yourself of alcohol with a little powdered sulphur in it.

MASKED WRESTLER PINNED MARTIN IN STRAIGHT FALLS

The rough and ready bad Mr. Bunny Martin finally met his match on the mat Thursday in Talmer Jones' open air arena, but even his most ardent "hater" will have to admit that it took a real Goliath to do it. Mr. Who, the masked marvel, resembled in some remote degree Frank Buck's famed giant gorilla, and when he really got into action something had to come under—and in this case it was Bunny. Bunny got rough, as usual, right off the bat, but he was soon on the defensive. The masked wrestler, who probably outweighed Martin 50 or 60 pounds, secured a back-breaker hold and Martin was forced to concede the fall. In the second fall the Masked One soon smothered Martin in a body pin and the match was over.

Sailor Barto substituted for Johnny LaRue as Joe Porrell's opponent and secured the only fall in a three-fall, 45-minute time limit affair after a hectic match. Barto, much heavier than Porrell, had a hard time holding his elusive and expert opponent on the mat, but finally won the first fall with a top body pin. They wrestled the remainder of their time without either securing another fall.

In the curtain-raiser Red Rogers apparently met his match in Tuffy McMillan, although neither secured a fall in the twenty minutes of wrestling and the match was a draw. It was the usual Rogers type of match.

FIVE KNOWN DEAD AND DOZEN MISSING AFTER CLOUDBURST

WALLS OF WATER SWEEP DOWN UPON RESORT AND MINING TOWNS

DENVER, Sept. 3.—(AP)—At least five persons were dead and 12 more were missing today in the wake of cloudburst floods that destroyed scores of buildings in two Rocky Mountain resort towns and washed three feet deep in a coal mining town.

The body of a woman found in Bear creek near Morrison, a resort center 15 miles southwest of Denver that was battered by converging flood crests roaring down Bear creek canyon and Mount Vernon canyon.

A fifth victim, Mrs. Walter Boyd, about 30, drowned when an automobile driven by her husband, Louisville, Colo., plunged into flooded Bear creek at a bridge washout.

The body of a woman found in Bear creek a half mile east of Morrison was identified as that of Mrs. Cecil Goodrich, Evergreen real estate operator. The bodies of a boy about 12, another woman and a man also found in Bear creek were not yet identified.

The 12 missing were reported in the Bear creek area. Damage estimates were available for total damage in the floods that washed an area extending almost 100 miles from Morrison north to Fort Collins. Denbow, Morrison resident, said, last night's flood was "three times as bad" as the Bear creek flood of 1933 in which damage was estimated at \$1,000,000.

Denbow's damage estimate covered scores of summer homes destroyed in the Morrison area. The flood entered in Boulder Canyon which smashed a dam, hall, cottages and concession buildings at Eldorado Springs ripped at least 17 washouts in 14 miles of track on the Denver and Salt Lake railroad's Moffat tunnel route.

The Union Pacific and Colorado Southern held Denver-bound trains at Cheyenne until track damage in Northern Colorado could be repaired. Eldorado Springs, northwest of Denver, was isolated by highways blocked by flood washouts and wire communications disrupted.

Damage to bridges, highways, farm lands and property throughout the stricken area could not be estimated immediately. Several motorists, including persons owning summer homes in the Bear creek and Mount Vernon canyons above Morrison, hastily abandoned their automobiles and fled for higher ground when they saw the floodwaters approaching. Several said they saw their machines carried into the churning river.

The waters of Coal creek rose three feet in the lower sections of Erie, a mining community of 1,000, when the floodwaters moved to higher ground. A score of families were moved to higher ground.

German Floods Down Eight, BRISLAU, Poland, Sept. 3.—(AP)—Eight persons were reported drowned today in what were described as the worst floods in history along the Oder and Neisse rivers.

TEN PERSONS ARE
KILLED IN COUPLE
AUTOMOBILE WRECKS

DATON, O., Sept. 3.—(AP)—Ten persons, including two elderly newlyweds and two children, were killed in two separate automobile collisions, one near Lebanon, Ohio, and the other near Dayton, Ohio, early today.

Five other persons were injured critically.

Six persons, three of them members of a vacationing Dayton family, died in the first crash. Two men and two women, were killed in the other.

The dead in the Lebanon accident were C. A. Platt, 59, of adjoining Butler county, his wife, 50; Mrs. Audrey Grigby, riding with them to visit Platt's son at a CCC camp; Mrs. Helen Maylor, 42, of Dayton; and two sons, Thomas, 14, and Robert, 12.

Thomas Maylor, Sr., 45, taking his family to visit in Warsaw, Ky., was reported in fair condition. He suffered from a skull. His two sisters, Rose Marie Maylor, 40, and Mrs. Katherine O'Hearn, 44, and her son, Edward, 9, were in little better condition.

The Platts were married in July. He was driving east and Maylor south when the cars collided.

Victims of the Dayton crash were Harry White, Paul R. Leonard, and two unidentified women. An unidentified man was seriously injured.

One of the cars was driving on the wrong side of the road, Deputy George Glanders reported.

Double Explosion
Saves Lives Trio
Beaumont Refinery

BEAUMONT, Sept. 3.—(AP)—Three Pure Oil Refinery workers today owed their lives to the varieties of an explosion.

They were trapped on the roof of a storage tank when an explosion blew a ladder out of their reach, surrounding the tank with flames. A second blast blew the ladder attached to the bottom of the tank, back in place and they quickly made their escape.

One man, Homer J. Wilson, 36, of Nederland, who was in a truck at the base of the tank, was burned. His injuries were not serious.

The tank was still burning at 10:30 today.

PRESIDENT'S AVOWED FAVOR FOR LIBERALS, EVEN C. O. P. SETS POLITICIANS THINKING

BY JOHN M. HIGHTOWER WASHINGTON, Sept. 3.—(AP)—

President Roosevelt's avowed favor for "liberal" candidates, even if republican, set politicians to speculating today on the possibility of cross-party activity by the white house in the fall congressional campaigns.

Would he seek to give practical effect on the assertion by approving the candidacy of men rather than democratic party members? In a race between a republican he considered "liberal" and a democrat he viewed as "conservative" would he endorse the candidacy of the republican?

Mr. Roosevelt's summation of the principle involved was that he had not "the slightest objection" to the candidacy of men rather than democratic party members.

John Hamilton, republican national chairman, challenged the president's declaration of "liberalism," saying "the true republicans running for congress this year are liberals and most of the democratic seeking reelection are not."

Senator Logan (D-Ky.), usually a strong supporter of the president's policies, declared that he believed what he says, because if he does his statement constitutes a repudiation of the new deal and large number of his followers on Capitol Hill.

"True liberals, today as always," Hamilton said, "are those making a determined fight against the centralization of government powers in one man."

Senator Logan (D-Ky.), usually a strong supporter of the president's policies, declared that he believed what he says, because if he does his statement constitutes a repudiation of the new deal and large number of his followers on Capitol Hill.

Mr. Roosevelt will go to Maryland tomorrow morning, the president will go to Morgantown, Md., to inspect the site of a proposed bridge across the Potomac river. He will spend Sunday night at the White House and Monday morning at the Potomac and on Labor Day will make speeches at Salisbury and Denton, Md. Lewis is to accompany him on the trip.

T. B. HILL NAMED
TO STATE INDUSTRIAL
ACCIDENT BOARD

AUSTIN, Sept. 3.—(AP)—Governor James V. Allred, with approval of Governor-Nominate T. B. Hill, today appointed T. B. Hill, Austin business man, to the state industrial accident board, succeeding the late A. M. Graves.

The governor conferred with the board and the board's recommendation was to appoint Hill, 38, was engaged in the construction business until the past year. He is now in the brokerage business.

Roosevelt Visit
Political So No
Welcome Be Given

CRISFIELD, Md., Sept. 3.—(AP)—Mayor William E. Ward of Crisfield today there would be no official reception for President Roosevelt when he lands here Monday for a campaign swing on the eastern shore in behalf of Rep. David J. Lewis, new democratic candidate for congress in senatorial nomination.

Mayor Ward, a republican, was elected last January.

Mr. Roosevelt was coming to Crisfield as president of the United States would be only too glad to meet him and extend the hospitality of the city due the occupant of that great office, the president.

"But Mr. Roosevelt is coming to the eastern shore as a politician and so I am not going to pay any attention to him."

There isn't going to be any decoration of the town either unless somebody wants to pay for it out of his own pocket.

Two Negroes Fined
For Theft Trousers

Two negroes arrested by city officers for the theft of trousers from the J. C. Penney and Company store during the week-end were fined \$10 and costs Monday by Judge J. E. Foster. The negroes were transferred to the county by Clarence Powell, constable.

L-Man Transferred.

W. M. Cooper, recently with the Texas Liquor Control Board personnel at Waco, formerly L-Man in this section, has been transferred back to Corsicana. He succeeded M. G. Oles, who has been transferred from Corsicana to Bryan.

Poultry

Now Would be a good time to sell hens. Will pay until Monday night: Good colored hens, 12c; leghorns, 10c; cocks, 5c; good colored fryers, 14c; leghorns, 12c; Candler Eggs, 15c; Inferior Eggs, 10c; Green Hides, 10c.

A. R. WALKER & SON.

MANY FARMS AND ACRES INCLUDED IN SOIL CONSERVATION

More than 87 farms embracing 18,103 acres, located in the Corsicana, CCC camp demonstration area of the Soil Conservation Service in Navarro county are being operated in accordance with a co-ordinated soil and water conservation plan, T. K. Morris, technician in charge, announced today.

Mr. Morris issued his annual progress report today following the close of another operation's year on July 1. The Corsicana camp was established Sept. 3, 1935.

Since the establishment of the camp more than 2,338 acres of land have been retired from cultivation to pasture, meadow, woodland or wildlife havens. 2,277 acres being put into permanent pasture, 54 acres to meadow, five acres to woodland and two acres to wildlife havens. The retired land was either too badly eroded to be profitably used for cultivation, located on slopes too steep for safe cultivation or was made up of soils too easily eroded to be left exposed to the erosive action of rainfall.

Contour tillage is being used on all cultivated land, 11,380 acres. Strip crops, bands of close-growing, fibrous-rooted crops planted on the contour, across the slope, between intervals of clean-tilled crops control erosion and provide feed crops on 8,143 acres. These strips are used in conjunction with terraces which protect 6,600 acres. More than 184 miles of terraces have been constructed by the CCC since the camp was established. A total of 12,618 square yards of outlet channels have been built and added to grass to provide a safe outlet for terrace waters.

Pasture area on co-operating farms has been increased from 3,426 acres to 6,095 acres since inception of the soil conservation program. Meadows to utilize idle land, such as natural draws in fields, control erosion and provide feed crops on 8,143 acres. These strips are used in conjunction with terraces which protect 6,600 acres. More than 184 miles of terraces have been constructed by the CCC since the camp was established. A total of 12,618 square yards of outlet channels have been built and added to grass to provide a safe outlet for terrace waters.

Some 3,800 trees have been set out on co-operating farms, utilized to control erosion and stabilize eroded or gullied areas or for new forest or wildlife havens. Winter cover crops of legumes are being planted this year on a number of farms. These crops will provide a cover for the land during the winter and early spring months when row crops do not occupy the fields. They also help in the spring ahead of time for planting cotton, they add organic matter to the soil, increasing the soil's ability to soak up greater quantities of moisture.

Rural Shade Won
Over Montfort In
Opening Contest

Rural Shade took the lead in the championship series of the Navarro County Baseball League Sunday afternoon at Magnolia Park, 5-1.

Montfort recently won the title of 1st senior division of the league by defeating the Corsicana Cotton Millers while Rural Shade earned the right to represent the junior division by defeating Roane.

The game is to be resumed next Sunday at Magnolia Park with a double-header, the first game to start at 2 o'clock.

Rural Shade can cap the county pennant with one win Sunday while it will be necessary for Montfort to annex both titles to gain the title.

EMHOUSE SCHOOLS TO
START NEW TERM ON
MONDAY, SEPT. 12

EMHOUSE, Sept. 5.—(Sp.)—The Emhouse school will officially start for the school term of 1938-39, on Monday, September 12, according to an announcement from the office of the local school superintendent, Melvin Taylor.

An additional teacher has been employed for the school term, over the number of last year, in order to take care of increased enrollment and to offer a more diversified curriculum.

The members of the school faculty, in addition to Superintendent Taylor, and their respective teaching assignments are as follows:

Mrs. Margaret Dill, principal and high school English.

Arthur H. Courtade, vocational agriculture.

Mrs. Anita O'Rear, vocational homemaker.

Miss Lottie Harris, commercial subjects.

L. C. Bone, science and coach.

Miss Martha Ann Pearson, speech and music.

Miss Mary Price, elementary grades.

Miss Ethel Dill, elementary grades.

Miss Ruth Roach, elementary grades.

Miss Kathryn McCluney, elementary grades.

Miss Lillian Ross, primary grades.

Miss Pattye Hobbs, primary grades.

Miss Lois Hobbs, primary grades.

Rain at Plainview

PLAINVIEW, Sept. 5.—(AP)—Rains yesterday brought the fall here during the past three days to 1.1 inches.

FIVE CLUBS ARE REGARDED THREATS IN 1938 CAMPAIGN

BRYAN AND CORSICANA TO OPEN DISTRICT CHASE ON SEPT. 23

By PAUL MOORE, Sun Sports Editor. District 11, always one of the most torrid sectors in the far-flung area embraced in the University of Texas Interscholastic league, is training and preparing for the 1938 campaign.

There are three clubs as the co-champions from 1937, each regarded as strong contenders this year. Bryan Broncs, with a wealth of veteran material back, augmented by a flock of fine-looking newcomers, has on the spot as a serious contender with the defending champion Waco Tigers, Temple Wildcats and Cleburne Yellow Jackets. Corsicana Bengals, long the ruler of this strong district is more or less the "mystery team" and "dark horse" of the race. Hillsboro is a rugged combination, composed of a number of tried veterans and promising newcomers.

The Hillsboro followers are not making any special claims for this year, but have already served a warning for 1938. Corsicana with seven lettermen, several squadmen and a flock of newcomers, may spill the apple cart of the favorites. The third team, Cleburne, started this afternoon and football enthusiasm is at a high pitch here. Whether the club comes through remains to be seen, but to put it mildly, the boys look different in training than they have in the immediate past seasons.

Waxahachie has a bunch of forward-looking athletes and may give some of the teams considerable trouble. Neither Waxahachie or Hillsboro are regarded as the present time as serious contenders but may develop into threats later in the season. The other five teams should be powerful.

Many Stars Gone. Waco, Temple and Cleburne have lost Hall, Doss and Weason, and Carter, respectively, ace backs. Corsicana has lost among others Calvin McDougla, while Cleburne has lost its star, perhaps the most outstanding prospect of the entire district, is out at Bryan with an injured knee.

Injuries to key performers may change the complexion of many of the teams at any time. Corsicana and Bryan, the two clubs from which the main threat is expected to come, will open the conference on Sept. 23. In addition to the rivalry between these two clubs, interest is heightened by the discussions between the rival mentors relative to the date set by the district committee.

Practice games begin September 18. All of the teams play well-known and powerful non-conference opponents at various times during the season. Following is the composite schedule for the strong District 11-A teams:

Ennis at Corsicana, night, Sept. 18.
I. O. O. F. Home (Corsicana) at Waxahachie, night, Sept. 18.
Beaumont at Ennis, night, Sept. 17.
Hillsboro at Denton, night, Sept. 17.
Cleburne at Arlington Heights (Fort Worth), night, Sept. 17.
Kerens at Waxahachie, night, Sept. 22.
Austin at Temple, night, Sept. 22.
Mexico at Waco, night, Sept. 22.
Cleburne at Hillsboro, night, Sept. 22.
Corsicana at Bryan, night, conference.
Forest (Dallas) at Hillsboro, night, Sept. 30.
Temple at Corpus Christi, night, Sept. 30.
Woodrow Wilson (Dallas) at Waco, night, Sept. 30.
Waxahachie at Cleburne, night, conference.
Corsicana at Mexia, night, Sept. 30.
Grapeland at Bryan, night, Sept. 30.
Hillsboro at Ennis, night, Oct. 1.
Temple at Bryan, night, conference.
Waxahachie at Waco, night, conference.
Cleburne at Wichita Falls, night, conference.
Hillsboro at Corsicana, night, conference.

Brackenridge (San Antonio) at Temple, night, Oct. 1.
Waco at Hillsboro, night, conference.
Bryan at Cleburne, night, conference.
Corsicana, open date.
Read Oak at Waxahachie, night, Oct. 21.
Cleburne at Temple, night, conference.
Corsicana at Waco, night, conference.
Bryan at Waxahachie, night, conference.
Hillsboro, open date.
Hillsboro at Temple, night, conference.
Cleburne at Bryan, night, conference.
Cleburne, open date.
Waxahachie at Corsicana, night, conference.
November 4.
Temple at Waxahachie, conference.
Waco at Cleburne, conference.
Corsicana at Corpus Christi, conference.
November 11.
Corsicana at Temple, day, conference.
Waco at Austin.
Cleburne at Hillsboro, conference.
Waxahachie, open date.
Bryan at Fort Worth Polytechnic.
November 18.
Temple at Waco (date may be changed to Thanksgiving), conference.
Cleburne at Corsicana, day, conference.
Waxahachie at Hillsboro, day, conference.
November 24.
Dallas District runner-up at Corsicana, day.

SEW AN ENTICING
NEW SMOCK
PATTERN 4882
by Anne Adams

Here's the latest recruit in the ranks of chic smocks! A smock with style appeal—that's new and it's what Pattern 4882 possesses. Like Autumn's frocks, it goes in for rounded yokes with gathered fullness just beneath. This way sparkling buttons adorn it, and the delectable look of the collar and pockets, is enough to make your fingers itch for a needle. Even if you have never made a smock, you'll find it a quick, simple job with the sewing instructor to aid you. It's style every woman will appreciate—the commercial artist, the home-maker, the mother-to-be, the business girl who'll use it with pajamas for lounge wear.

Pattern 4882 is available in misses and women's sizes 12, 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40 and 42. Size 16 takes 3-1/2 yards 36 inch fabric.

Send fifteen cents (15c) in coins or stamps (coins preferred) for this Anne Adams pattern. Write plainly size, name, address and style number.

Get ready for autumn! Write today for the Anne Adams New Pattern Book of Fall Fashions—and choose your entire fall wardrobe without delay. The latest fashion trends for day and evening, for every age and occasion! Styles for youngsters from kindergarten to college; sports-togs; at-home frocks; special designs for suits; new life ideas, every pattern designed for quick and easy making at home! Price of book fifteen cents. Price of pattern fifteen cents. Book and pattern together twenty-five cents.

Send your order to the Daily Sun Pattern Department, 243 W. 17th St., New York, N. Y.

Courthouse News

All departments of the courthouse, with the exception of the law enforcement agencies, were closed Monday for the observance of Labor Day. The state highway department and federal crop agency, however, were open as usual.

District Clerk's Office. The following cases were filed: Herman Choice vs. Ollie Lou Choe, divorce. Hazel Stradford vs. Jimmie Stradford, divorce. Porter Bluff vs. Ava Bluff, divorce. The State National Bank of Corsicana, Texas, vs. T. R. Womack, debt.

County Superintendent's Office. The Navarro county school board met Monday.

Justice Court. Three were fined on drunkenness charges and one for driving a car on the wrong side of the road before Judge W. T. McFadden. One was fined for drunkenness by Judge A. E. Foster.

Few Three-Day
Holiday Deaths
Reported Texas

By The Associated Press. The Texas Public Safety Commission's plea for sane driving during the Labor Day observance apparently was bearing fruit as Texans tapered off a triple-day holiday with only three auto fatalities reported this afternoon.

Two died on the highways at Beaumont and one near Big Spring.

Only a few injuries were reported from the same cause. Fatalities from other causes also were light. Dallas led with two dead from bullet wounds and one slain in a stabbing. Fort Worth also had a stabbing.

Violent Deaths
Of Nation Over
Weekend High

By The Associated Press. The lengthening list of violent deaths over the protracted holiday weekend reached 277 this (Monday) afternoon, with indications that the figure of 300 would be surpassed.

Reports from 42 states and the District of Columbia showed automobile accidents far exceeding any other cause of death, more than 200 having died in highway crashes 28 deaths, California 24, New York 16 and Pennsylvania 12.

Former Kerens Man
Marries In Kilgore

KERENS, Sept. 5.—(Sp.)—Friends of the Norris and Threlkeld families learned recently of the marriage on August 16 of Eugene A. Norris, son of Mrs. H. L. Threlkeld, to Miss Edna Mae Bradley of Kilgore. The ceremony was performed at the Eastern Baptist church in the presence of a few relatives and friends.

Mr. and Mrs. Norris will make their home in Kilgore, where the bridegroom is chief engineer-operator of a radio station.

District Woodmen
Circle Will Meet
Corsicana Thursday

Woodmen Circles of this district will convene in the W. O. W. hall, I. O. O. F. building in an all-day session Thursday, Sept. 8. The noon meal will be served by the ladies of the North Side Baptist Church in the I. O. O. F. banquet hall. This district is composed of the circles in Hill, Ellis, Johnson and Navarro counties.
